

BALTIC PROJECTS

Copenhagen, 29th of May 2017

Baltic Shipping Company A/S strengthens their project division

BSC strengthens their position inside the European project and Heavy Lift segment with forming of the "Baltic Projects" - a partnership between Baltic Shipping Company A/S and Ejler Projects A/S, which will provide all services within; Project, Heavy Lift and the Industrial segment. With the forming of "Baltic Projects" we expand our position in the European Short Sea Market as the direct link.

Welcome onboard

Ejler Projects A/S, represented by Kent Ejler Jensen will take the position as exclusive project manager.

Kent is well known in project shipping and has more than 15 years experience within the industry and will be based in Port of Aarhus.
